## Token Hunting Explained

---

**TOKEN HUNTING** is the Mountain Wolf Ecosystem's mechanism to bring new MWTs to the market, awarding them to HUNTERS. Similar to how crypto staking works, HUNTERS are MWT users who earn new Tokens by holding and locking-up specific amounts of MWT.

### Token Hunting Packages

<p><b>50,000 EUR</b> 1 MWT = 0.50 EUR</p> <p><b>100,000 MWT</b></p>	<p><b>25,000 EUR</b> 1 MWT = 0.50 EUR</p> <p><b>50,000 MWT</b></p>	<p><b>10,000 EUR</b> 1 MWT = 0.50 EUR</p> <p><b>20,000 MWT</b></p>	<p><b>5,000 EUR</b> 1 MWT = 0.50 EUR</p> <p><b>10,000 MWT</b></p>
<p><b>2,500 EUR</b> 1 MWT = 0.50 EUR</p> <p><b>5,000 MWT</b></p>	<p><b>1,000 EUR</b> 1 MWT = 0.50 EUR</p> <p><b>2,000 MWT</b></p>	<p><b>500 EUR</b> 1 MWT = 0.50 EUR</p> <p><b>1,000 MWT</b></p>	<p><b>100 EUR</b> 1 MWT = 0.50 EUR</p> <p><b>200 MWT</b></p>

## Token Hunting Earnings

---

- ***TOKEN HUNTING*** Packages become **available on May 1st, 2022**.
- Packages purchased until December 31, 2022 guarantee a Earning Percentage of 12% p.a. for 180 days.
- From January 1, 2023, the Earning Percentage Rate will fall continuously until it goes from 12% to 0%, when the last MWT is HUNTED. *The Reward Percentage Rate will be calculated daily.*
- Customers who Lock-up their packages again after 180 days get the Earning Percentage value on the day of the Lock-up for the following 180 days.
- From January 1, 2023, MWT will only be available at the Mountain Wolf Exchange “**MWTrading**” at market price (Market- OR Limit-Order).

## Keep Hunting Switch

---

Keep Hunting

Keep Hunting is our new feature that automatically adds your daily MWT rewards to your Token Hunting stack, increasing the number of MTW used for hunting and thus your daily rewards.

Switching Keep Hunting on automatically renews the Lock-up period every day.

You can switch Keep Hunting off at any time; the 180-day lock-up period will start counting again from the day you switch it off.
